IMPORTANT SAFETY INSTRUCTIONS

Read this manual thoroughly before first use and keep it in a safe place for future reference, along with the warranty card, purchase receipt and carton. The safety precautions enclosed herein reduce the risk of fire, electric shock and injury when correctly adhered to.

 80 cm (32") FULL HD LED SMART TV Part Number: 044694 INPUT DC 12V --- 6.5A Max: 65W		 <p>This symbol is intended to alert you to the presence of non-insulated dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute a <u>risk</u> of electric shock to persons.</p>
<div style="border: 1px solid black; padding: 5px; text-align: center;"> CAUTION RISK OF ELECTRIC SHOCK DO NOT OPEN </div> <p>CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER. NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.</p>		 <p>This symbol is intended to alert <u>you</u> to the presence of important operating and servicing instructions in the documentation accompanying this unit.</p>
After sales support AU TEL: 1300 422 632 NZ TEL: 09 257 2419 Date: October 2020 Made in China	SN: 	

- Before installing this TV set, make sure your outlet voltage corresponds to the voltage stated on the appliance rating label of the power adaptor being used..
- Only use this TV with the power adaptors supplied. If either plug does not fit into your outlets, consult your dealer or an RV service center for replacement of the outlet.
- Do not overload the power outlet.
- CAUTION: To reduce the risk of fire or electric shock, do not expose this TV set, the power supply cord, plug and antenna cable to rain or moisture; do not use it anywhere near water; do not touch the power plug with wet hands.
- Do not let the cord hang over the edge of a table or counter, or touch hot surfaces.
- Do not allow anything to rest on or roll over the power cord and antenna cable. Protect the cord and run all cables so that no one steps on or trips over them.
- Do not run the cord near heatproducing appliances such as radiators, stoves or irons. The excessive heat could melt the insulation and expose live wires.
- When not in use, disconnect the power cord from the outlet. Hold the plug, not the cord, when disconnecting the unit. Pulling the cord can damage the internal wires and may cause a fire.
- Never touch the TV screen, antenna or cord during thunderstorms. Stop use during thunderstorms; unplug the unit when a thunderstorm is approaching.

Usage conditions and restrictions

- Follow the instructions in this manual when installing and adjusting the TV set. Only adjust those controls that are covered in this instruction manual; improper adjustment of other controls may result in damage. If this happens, unplug the TV and have it serviced by appropriately qualified personnel.
- Do not change or modify the TV set in any way. Only use the attachments/accessories specified.
- Do not cover the ventilation openings with items such as newspapers, tablecloths, curtains etc., as this could impede ventilation.
- Do not insert any objects of any kind into this unit through the ventilation slots or DVD slot, as they could touch the currentcarrying parts or shortcircuit parts, resulting in fire, electric shock or damage to the unit.
- Do not touch the screen with fingers, as this may scratch or smudge the TV screen.
- Do not expose the batteries to excessive heat such as sunshine, fire or the like.
- Unplug the TV set in all of the following circumstances:
 - If it has been subject to impact or has been dropped and is damaged.
 - If its voltage adaptor plugs, or the wall socket, are damaged.
- The appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Young children should be supervised to ensure they do not play with the TV.

Position

- If a television is not positioned in a sufficiently stable location, when stand mounted, it can potentially be hazardous if it falls. Many injuries, particularly to children, can be avoided by taking simple precautions such as:
 - Using cabinets, shelves or stands that provide a sturdy support for the TV and are not in areas where the TV can be accidentally knocked or bumped .
 - Only using furniture that can safely support the television.
 - Ensuring the TV is not overhanging the edge of the supporting furniture.
 - Not placing the TV on tall furniture (for example, cupboards or bookcases) without anchoring both the furniture and the TV to a suitable support.
 - Not standing the TV on cloth or other materials placed between the TV and supporting furniture.
- Educating children about the dangers of climbing up to reach the TV controls.

IMPORTANT SAFETY INSTRUCTIONS Cont'd

- When deciding where to put the TV set, make sure the location is:
 - Well ventilated. Leave at least a 20cm space all around the TV set for good ventilation.
 - Protected from overheating and away from direct sunlight.
 - Away from damp and cold.
 - Away from areas with extremes of temperature (below 0°C or exceeding 40°C) or moisture.
 - Away from moisture drips or splashes.
 - Protected from excessive dust.
- Do not install this equipment in a confined space such as a bookcase or similar.
- Do not put any objects filled with liquids, such as vases, on top of the TV set.
- Do not place any naked flame sources, such as lighted candles, on top of the TV.

CONTROLS ON THE TV

INPUT - This button switches between all the different sources of the TV. When the OSD is active, this button acts as the enter button and confirms the menu selection.

MENU - This button activates the OSD menu. If a sub-menu is active, pressing this button will return selection to the previous menu level.

CH(+) - This button changes the TV channel upward. If the OSD menu is active, this button functions as up control for the menu.

CH(-) - This button changes the TV channel down. If the OSD menu is active, this button functions as down control for the menu.

VOL(+) - This button increases the TV's volume. If the On Screen Display (OSD) menu is active, pressing this button will move the selection to the right.

VOL(-) - This button decreases the TV's volume. If the OSD menu is active, pressing this button will move the selection to the left.

POWER (⏻) - Turn on the TV by pressing the button once. Press the button again to turn off the TV.

INSTALLATION

Wall-Mounting

This television set is equipped with VESA mounting points on the back panel for use with wall-mounting brackets (not included).

NOTES: The distance between the holes is 200mm in width and 100mm in height.

If you are using a standard VESA 100 x 100 RV TV wall bracket, you will need a 200 to 100mm converter bracket such as the TV Media 100 x 100 to 200 x 100 adaptor P/N 043042.

It is recommended that this TV be removed from the wall bracket when the RV is in transit.

TV INPUT & OUTPUTS

NOTE: Please, make sure the inputs and outputs have solid connections before connecting power.

1. **DC IN:** POWER (DC12/24V or plugpack) input
2. **RJ45 Network Cable In (24" only):** For internet connection via a modem or router.
3. **CVBS Out:** This mirrors the Video Signal from Input 12 (A/V) ONLY. The output is Video only; not audio.
4. **Line Out:** Audio output for external devices such as Head Units, amplifiers etc.
5. **HDMI 1 Input:** HDMI in.
6. **HDMI 2 Input:** HDMI in.
7. **RF Input(DVB-T2):** Connect to external antenna to receive DTV signal in DTV mode.
8. **Coaxial Out:** Digital Audio output for surround sound/sound bars etc.
9. **AV Input:** Composite Video & Audio in (A/V)
10. **Headphone Jack:** Headphone output jack.
11. **USB:** Use for mouse or keyboard connection; Install apps; For media playback when Media is the TV's selected source.

REMOTE CONTROL FUNCTIONS

REMOTE CONTROL FUNCTIONS

33	EPG	Press to display EPG (Electronic Program information) for TV.
34		Smart TV - Open Web Browser.
35	RADIO	Change between TV and Radio Modes.
36		Smart TV delete text.
37	SIZE	Zoom In or Out of the Teletext window.
38	INDEX	Returns to Index page by Teletext.
39	TEXT	Switch on/off of Teletext window.
40	HOLD	Holds on the current Teletext page.
41	REC/ 	Press to record the current TV program to USB.
42	REPEAT	DVD: Repeat mode selection.
43	SUBPAGE	Displays a sub-page of upper Teletext options.
44		Play and Pause control for the Media-Player and DVD.
45		Fast Rewind Media-Player and DVD.
46		Fast Forward Media-Player and DVD.
47		Stops playback Media-Player and DVD.
48		Plays the previous Media Player or DVD file/chapter.
49		Plays the next Media Player or DVD file/chapter.

REMOTE CONTROL BATTERIES AND RANGE

Installing Batteries

- 1 Open the battery compartment cover on the back side.

- 2 Insert two 1.5V AAA size Alkaline* batteries in the correct polarity. Don't mix old or used batteries with new.

*Due to the additional power required for the backlight function, we recommend the use of quality Alkaline batteries for best results.

- 3 Replace the cover.

To use the remote control, point it towards the special remote sensor slightly below the television. The remote has a range of up to seven meters from the TV at an angle of up to 170 degrees! - depending on the the RV's interior layout.

Note:

- Batteries should not be exposed to excessive heat such as direct sunlight, fire or the like.
- If not being used for a period of time, please remove the batteries from the remote in case of leakage.
- Do not mix old & new batteries together.

GETTING STARTED - POWER CONNECTION

Power Connection Options

Power Adaptors

Your RV Media TV with inbuilt DVD & USB functionality can operate from two different power sources allowing you to use your TV in a multitude of applications:

- Caravans, Campers & RV's
- Trucks (12V or 24V operation)
- Marine (12V or 24V operation)
- Store Demonstrations
- Home use
 - Kitchens
 - Bedrooms
 - Garage
 - PC Monitor
 - Security systems etc.

12/24V operation

Your TV is supplied with a 12V style accessory lead (cigarette lighter plug) which can be connected to 12V or 24V sources. This power method also ensures that in 12V applications, your TV is protected from voltage spikes from Charges and Solar Systems etc up to 30V

Note this lead is also available as a spare part should you require a second power connection point or if it gets lost - Part Number: 044575

GETTING STARTED - BASIC OPERATIONS

Make sure all necessary connections are correctly made before connecting the power adaptor and turning on the power. The power indicator on the TV will turn red to indicate it is in stand-by mode.

Power on/off

Press ϕ/I on the remote control (or on the back of the TV) to turn on TV. The power indicator will change from red (stand-by) to blue (on).

To turn the TV off, press ϕ/I . The unit will revert to stand-by mode and the power indicator will turn red.

Volume adjustment

Press [VOL-] to reduce the volume, press [VOL+] to increase the volume.

Mute function

Press [MUTE] on the remote control to switch off the sound temporarily, press it again (or the [\blacktriangle / \blacktriangledown] button) to restore the sound.

TV channel selection

To select a TV Channel, first select Sat or DTV as an input source first, then choose your desired channel in one of the following ways.

- Press [CH \blacktriangledown] or [CH \blacktriangle] on the main unit.
- Press [0-9] using [-/--] if necessary if the channel number has 2 digits or more to input the channel number directly.

ON SCREEN LOW BATTERY VOLTAGE WARNING

If the RV's system voltage drops below 11V* when powering the TV via the 12V accessory lead, an on screen warning will be displayed warning you of the low voltage state.

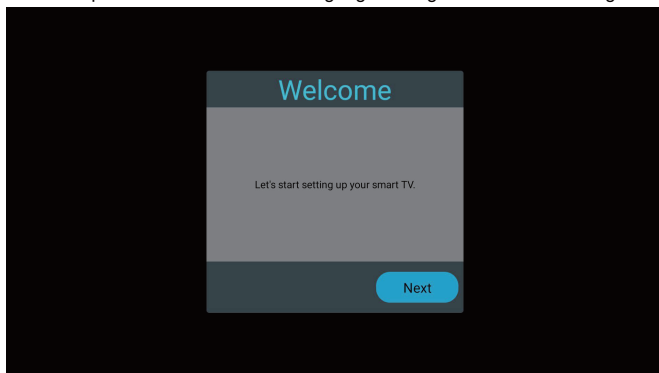

Low battery voltage can not only potentially damage electronic devices, it may also reduce the battery life. While RV Media Evolution TV's are designed to operate at voltages as low as 10V, we recommend you charge your battery(s) if this warning is displayed. When the system voltage rises above 11V, the warning message will disappear.

* This voltage may vary depending on battery capacity, vehicle wiring etc.

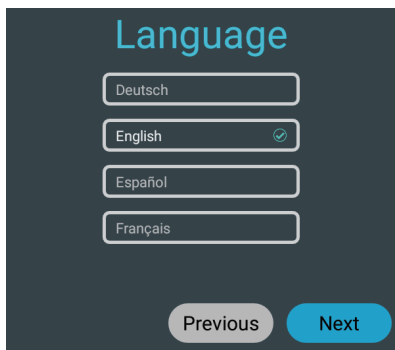

First Time Installation

The Startup Wizard menu contains language settings and network settings.

Language settings: you can set the TV operating language.

Network settings: you can set according to the connection, wireless network settings WIFI connection, wired connection is to set the local area network.

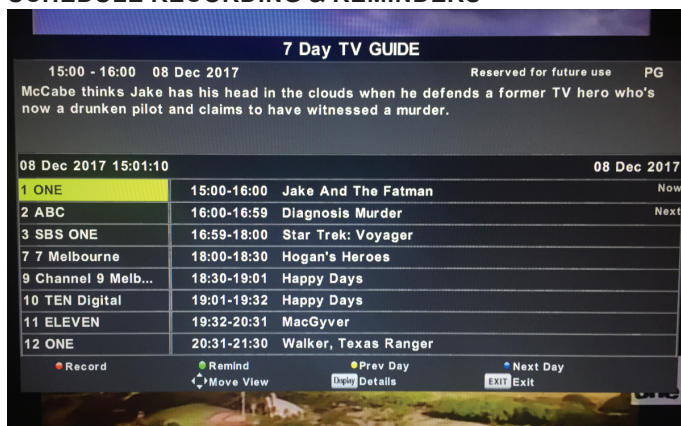

Select Input Source

Press the "Source" button to display the input source menu, press the left or right button to select the corresponding input source, and press the OK button to enter the relevant source.

SCHEDULE RECORDING & REMINDERS

Press the EPG button on the Remote control to access the Electronic Program Guide (DTV only)

Use the ▼/▲ keys on the remote to select a channel. The current programme on that channel will be displayed in the box on the right. You can then use the ▼/▲ keys to scroll up or down to select a programme. Note programmes will be displayed until midnight of the current day. You need to move to the next day by pressing the blue button on the remote to view after midnight and for the next day. To view programmes from the previous day, press the yellow button on the remote.

Record

Press the RED button on the remote control to enter the Recording sub-menu. You can set the channel, start and end times of the program you want to record using the ◀/▶ and ▼/▲ buttons. A USB drive must be inserted in the TV to record.

Info

Press the GREEN button on the remote to display detailed information about the program.

Schedule

Press the YELLOW button on the remote to display the Schedule List to display the programmes you have scheduled to record or be reminded of.

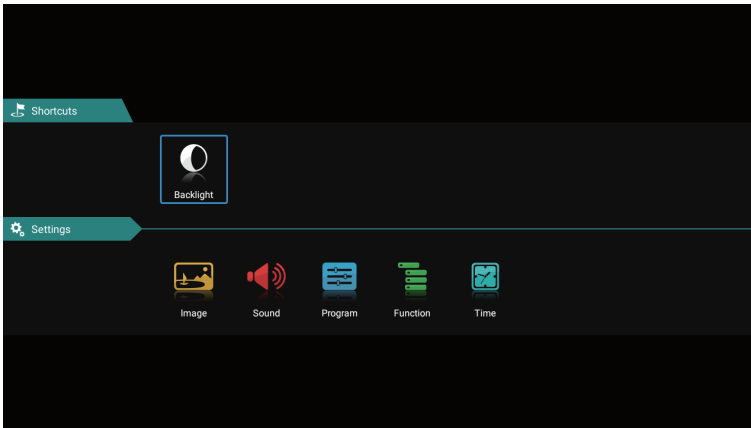

Remind

Press the BLUE button on the remote control to set a reminder for a program you would like to watch at a later date. Note this reminder which consists of a popup on the screen will only be displayed if the TV is on and the source is DTV.

NOTE 1: If you select a channel in the EPG and the available programmes are not displayed, briefly exit the EPG and quickly tune in to the channel. This will ensure the programme is downloaded for that channel.

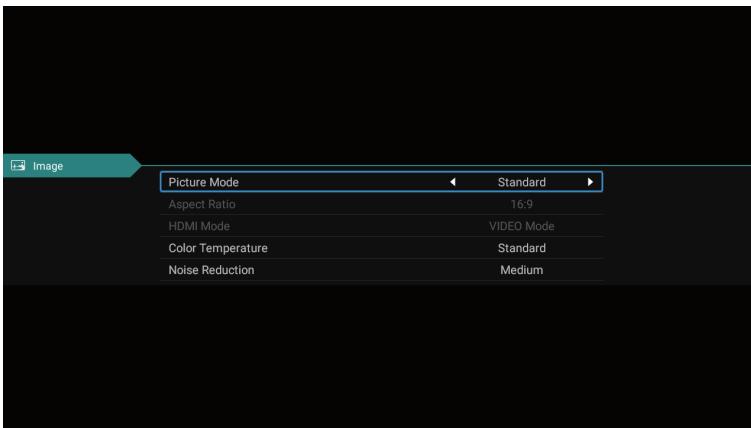

NOTE 2: The EPG for a particular channel will only work if you can tune in to the Channel based on your location and TV signal area.

TV MENU

Press the “menu” button to display the menu, press the up and down keys to select the appropriate settings, press the right button to enter the relevant settings.

Picture

Picture Mode: Use the menu button to call up the menu, then right click to select the "Image Mode" option, press the left and right button to switch the image mode to Standard / Movie / Vivid / User.

Accounts & Sign In

Log in and manage your Google account.

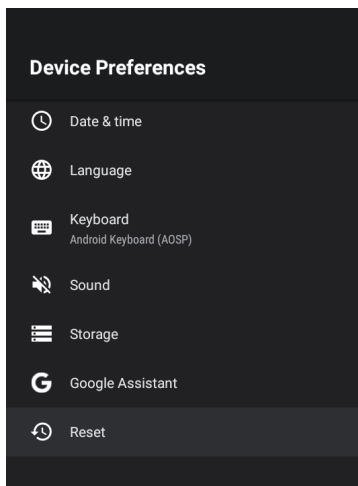

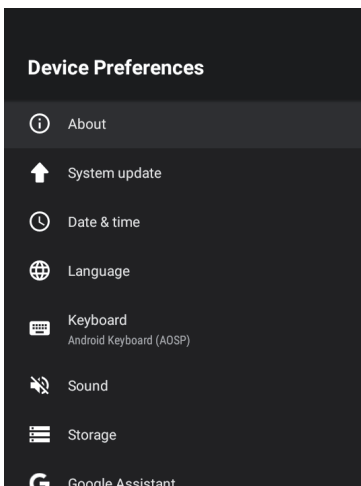

Apps

View all apps and set app permissions.

Device Preferences

In the Device Preferences, you can see other settings under Android.

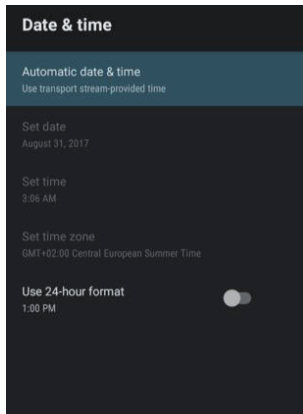

About: You can view and set the relevant information for the OTA update, you can also view the model, Android version, version number information.

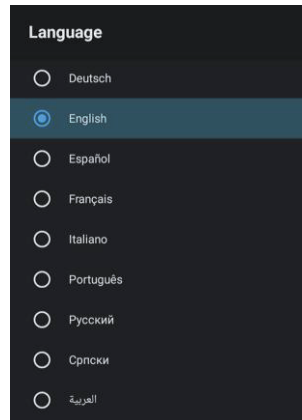

Software Update: You can set the software local upgrade, automatically prompt to update the version, automatically upgrade the latest version, automatically download the latest version and the current version number.

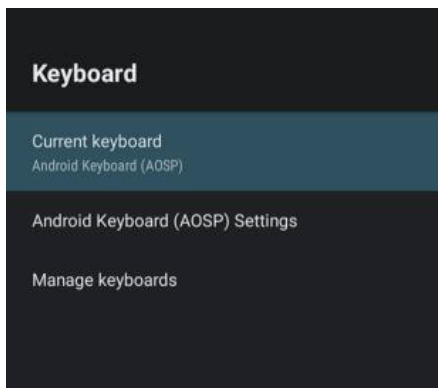

Date&time:The date and time can be updated automatically based on the network or time zone, or you can turn off automatic updates and update to manual settings. You can view the currently located time zone and set the time system.

Language: System language can be selected here.

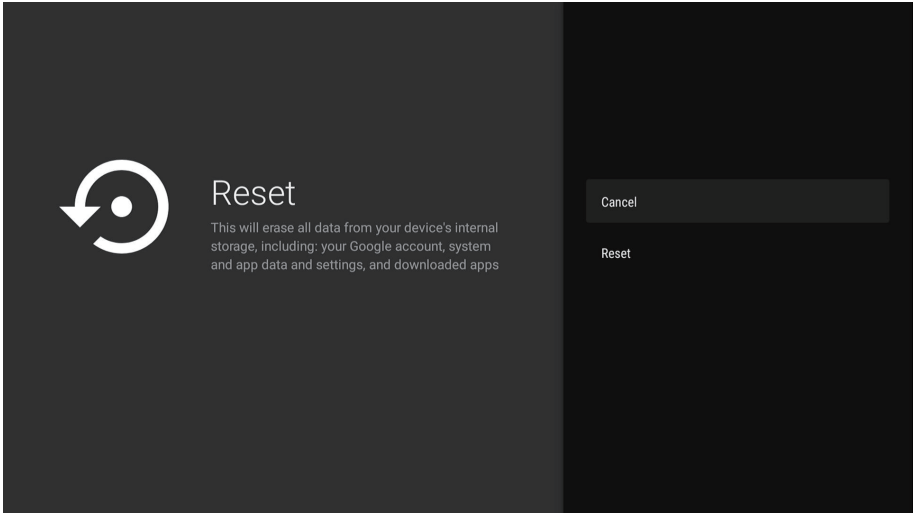

Keyboard: Users can be based on personal preferences of the keyboard input settings, you can also view the personal dictionary.

Storage: Here you can check the local memory capacity and current usage.

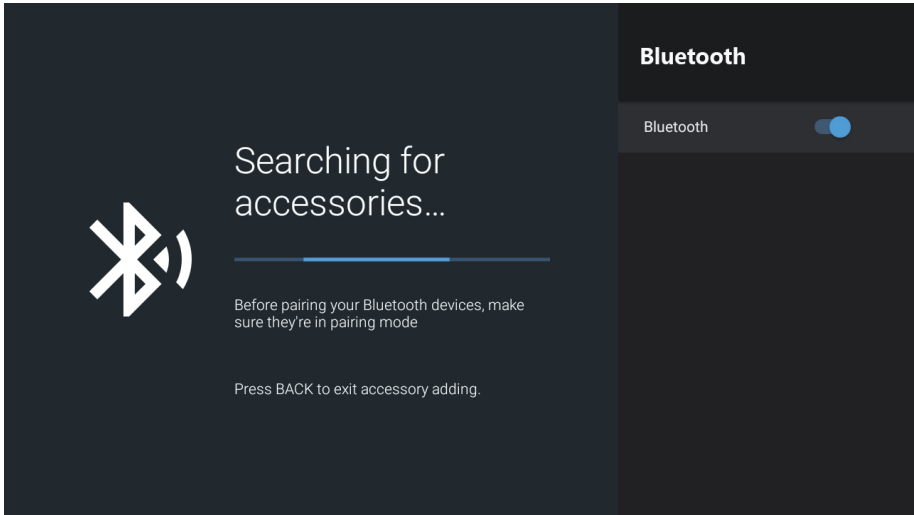

Reset: Here you can reset the unit. After reset, the data of Android system will be cleared.

Bluetooth

Enter the bluetooth setting menu for bluetooth search and pairing operation.

WARNING!

For your personal safety, be sure to disconnect the power adaptor before proceeding with any maintenance or cleaning.

Cleaning the TV screen

- Do not touch the TV screen with sharp objects.
- Use a clean, soft cloth to wipe off any dust and fingerprints from the TV screen surface. Wipe in a straight motion from the center of the TV panel to the outside.
- Do not clean the screen with water or chemical cleaners, as this may damage the TV screen surface.
- Never use chemicals such as household cleaning sprays, antistatic sprays or fluids, benzene or thinner to clean the TV screen.

Cleaning the main unit

- Dust the TV set by wiping the screen and cabinet with a soft, clean cloth.
- If necessary, wipe the outside of the unit with a clean, soft cloth, moistened with lukewarm water.
- Do not use benzene, thinner or alcohol as these chemicals will smudge the surface finish.

Maintenance

- Do not dismantle this product by yourself, as this may cause damage. There are no user-serviceable parts contained in the TV set.
- If your TV set has been damaged, contact the after sales support line for advice or take it to a local service center for inspection or repair. No liability can be accepted for any damage caused by non-compliance with these instructions or any other improper use or mishandling of appliance.
- This product should not be adjusted or repaired by anyone except properly qualified personnel.
