Autoterm Air Heaters

Coast to Coast
CARAVAN & LEISURE

Built for survival in the icy tundras of Siberia and the cold seas of the Arctic Ocean, Autoterm are the heaters you can truly rely on. Keep warm in the coldest weather the Australian terrain can offer!

Autoterm Air Heaters are designed to provide warm air to living areas of vehicles and buses, as well as cars, motorhomes, campers, and even boats in the cold season!

With an Autoterm heater, you can be sure that you're getting:

- High quality at an affordable price
- Reliable operation in low temperatures (down to -45°C!)
- Low noise level
- Low fuel consumption
- Self diagnostic check

- Extended lifetime thanks to its innovative induction electric motor
- Stepless fan speed for more accurate and efficient temperature regulation
- Choice of digital or rotary controls
- Air intake silencer included
