**Roof Rack Basket  
Installation Guide v1**

Thank you for purchasing Coast to Coast's Roof Rack Basket. In this document you will find a list of all components and a detailed guide on how to correctly install your new Roof Rack Basket. Please follow all instructions carefully.

**All Components:**

**1 x Roof Rack Basket**

**1 x Cross Bar**

**4 x Cross Bar Brackets**

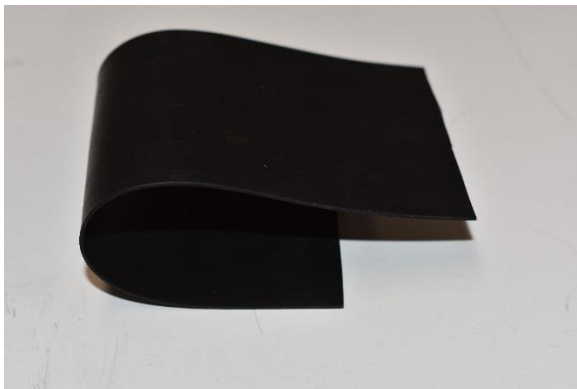

**4 x Cross Bar Bracket Bolts + Nyloc Nuts**

(Allen Key Head 45 x 6mm)

**4 x Rubber Insert**

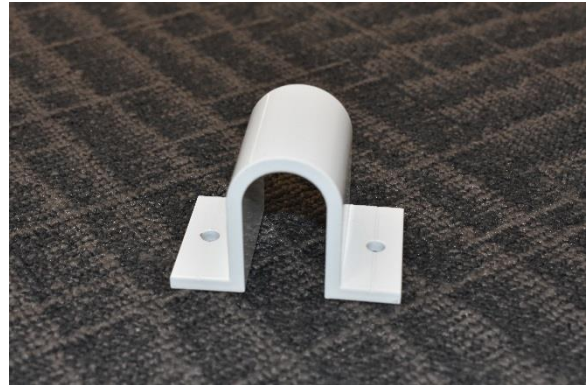

**8 x Basket Mounting Bracket Bolts + Nyloc Nuts**

(Allen Key Head 45 x 6mm)

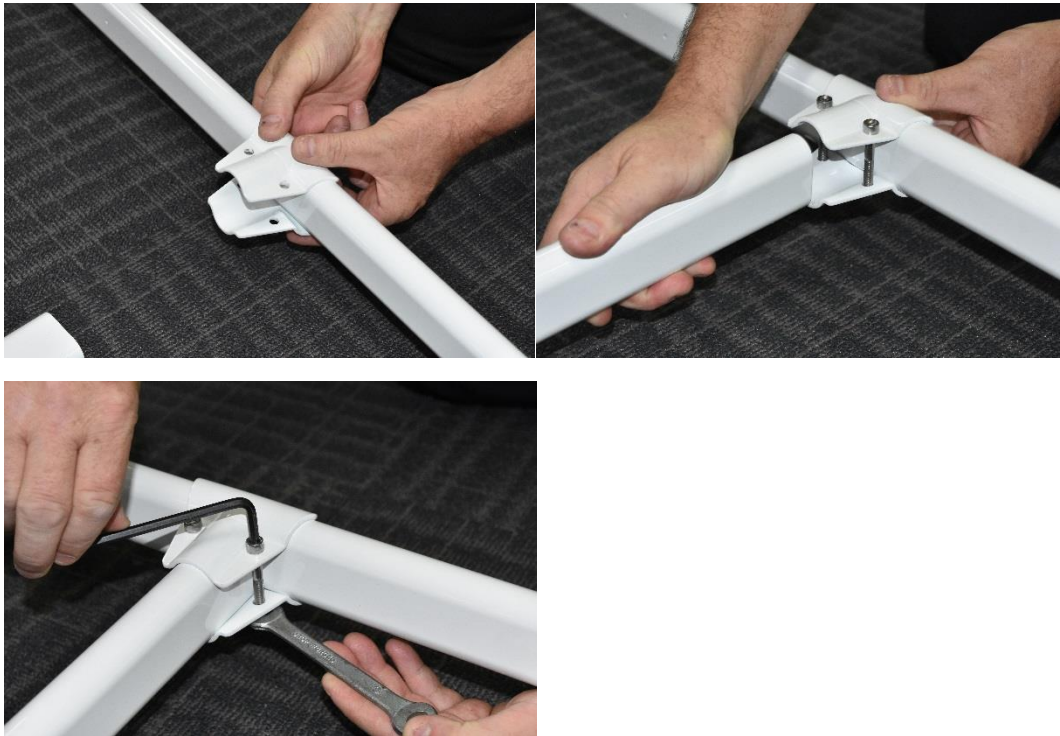

**4 x Basket Mounting Brackets**

## **Installation Guide**

### **Installing the Cross Bar**

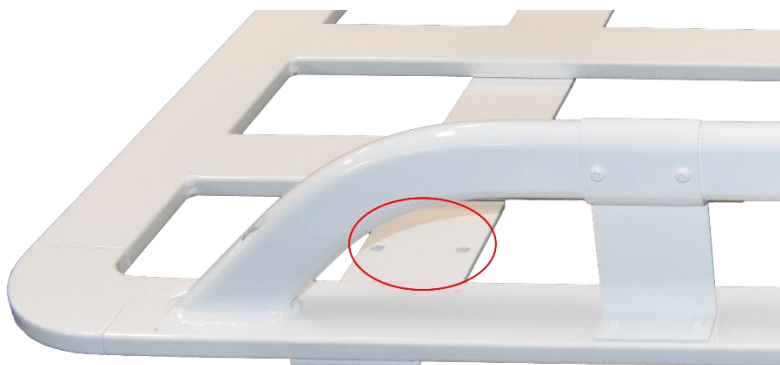

Place the cross-bar brackets on the top and bottom of the basket side rail then insert the cross bar into position, use the cross bar brackets bolts and nuts provided to clamp onto the cross bar, repeat at the opposite end.

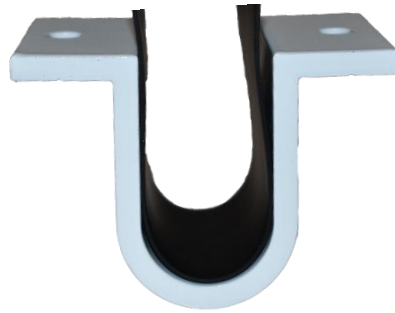

*(Allen Key not provided)*

### **Mounting the Roof Rack Basket**

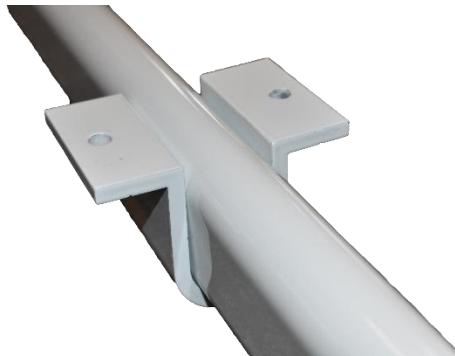

Locate the basket mounting points in each corner of the Roof Rack Basket.

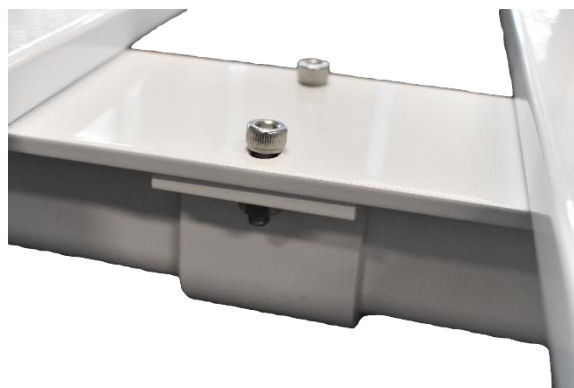

In the desired position, align each mounting point with cross bars on your roof rack. Place the rubber inserts on the inside of each Basket Mounting Brackets, trim where necessary.

Place the basket mounting brackets on the underside of each roof rack cross bar and line up the holes in the mounting bracket with the holes at the mounting point. Please note roof rack rails might need to be moved to align with basket mounting points.

Using the Basket Mounting Bracket Bolts + Nyloc Nuts, fasten the Roof Rack Basket to your Roof Rack.

Additional Roof rack accessories such as bike racks and additional cross bar kits are available from your nearest caravan accessories outlet. Visit [www.coastrv.com.au](http://www.coastrv.com.au) to learn more and to find your nearest stockist.
