or
DBE180-SX**

FITTING INSTRUCTIONS

The cradle fits drivers side front

1. Remove power steering reservoir & bracket.
2. Remove A/C pipe mount from guard. (Retain rubber mounting block for re-installing later).
3. Manipulate A/C pipe towards engine.
4. Re-install rubber A/C pipe mount to top of bracket on pipe.
5. Place tray into vehicle & align bolts. Once all bolts are in tray, tighten.
6. Re-attach rubber A/C pipe mount to end of tray
7. Cut legs off power steering reservoir. Drill two holes through bracket & tray
8. Re-mount power steering reservoir. (Note: Dip stick may need to be bent slightly for easier access)
9. Place in battery & secure top mount with M6 Nyloc on J-Bolt near air cleaner & through original Toyota mount & tray. Then, drill plastic on radiator support panel & bolt.

**Ensure, before closing the bonnet that all items fitted
have adequate clearance**
