Part No. RS75L – Rock Sliders

Toyota Landcruiser – 75 Series Manual

These XROX sliders have been developed to protect the sill and lower panels of the 75 Series when serious off roading. . Note: This Rock Slider kit is to suit a vehicle with a **50mm LIFT**.

This slider is not intended to be, and cannot be used as, a step.

Fitting Instructions:

1. Remove OE side steps if fitted.
2. Fit the rock sliders using the following fasteners contained in the kit:

Right & Left Sides use the same fasteners

Front Bracket: 2) 10x40 1.25 Fine Thread Bolts, washers and spring washers. Use fine thread nuts if required.

Middle Bracket: 2) 10x90 bolts, across the top of the chassis rail, 2) 10x25 bolts to fasten the backing plate to the rock slider mount. Fit fuel lines on the outside of the rockslider bracket and fasten using 2) 8x25 washered bolts.

Rear Bracket: Fasten to chassis rail using 1) 155x85 u-bolt, nuts, washers and spring washers.
