INSTALLATION INSTRUCTIONS

FOR MITSUBISHI TRITON MQ 2015-2019

01

** Installation begins from the Driver Side **

Remove the cable and door strike lower bolt from the body as shown

02

Remove the cable bracket from the tailgate

03

Remove the tailgate protector and inspection cover

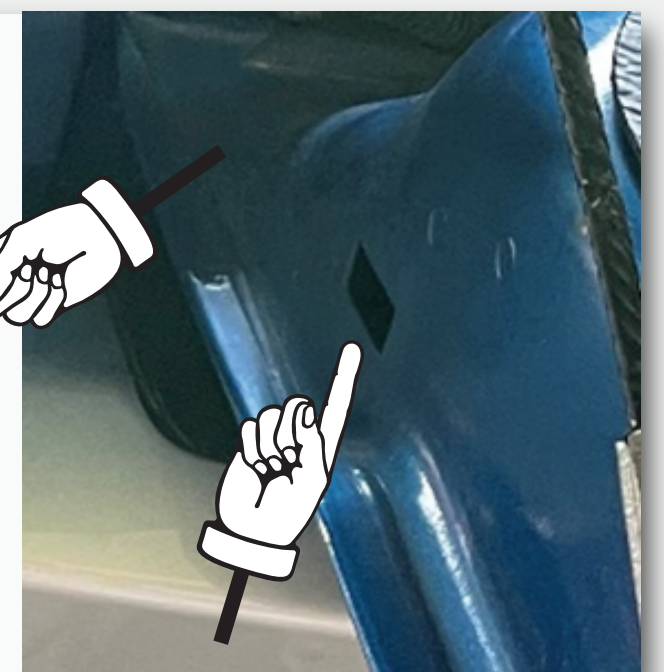

04

Place the custom nut inside the tailgate by using the wire guide it

nut

wire

INSTALLATION INSTRUCTIONS

FOR MITSUBISHI TRITON MQ 2015-2019

05

Hold the wire with one hand and install the bracket from the outside with washer and cap screw, tighten the screw and nut until they are at the same level under the washer

06

Fix the slow down strut with cable tighten up on the door strike bracket Ensure when tightening, the cable is sitting on the shoulder of the bolt and the cable remains free

07

Attach the other end of the cable to the tailgate in the bolt hole next to the lock with the shoulder bolt provided and ensure the washer goes in first

08

Pull the strut down and push into the ball stud (You will hear the sound "click")

INSTALLATION INSTRUCTIONS

FOR MITSUBISHI TRITON MQ 2015-2019

09

Clean the lip of the tailgate as shown and stick the rubber with the angle facing in.
(This is to fix the motion path of cables so they don't get caught any more)

Now you have done for the driver side and repeat it for the passenger side.
